[American Animal Hospital Association](http://www.aahanet.org) (link: www.aahanet.org)

The American Animal Hospital Association (AAHA) strives to enhance the abilities of veterinarians and their health care teams to provide quality medical care to companion animals.

[American Veterinary Medical Association](http://www.avma.org) (link: www.avma.org)

The American Veterinary Medical Association is similar to the AAHA and also strives to enhance the abilities of veterinarians and their health care teams to provide quality medical care to companion animals.

[Animal Allergy & Skin Clinic](#) 503.574.4150

[Animal Cancer Clinic](http://www.sunsetanimal.com) (link: www.sunsetanimal.com)

We refer patients with cancer that need chemotherapy to Dr. Fred Labavitch.

[Animal Rescue](http://www.pdx-petadoption.org) (link: www.pdx-petadoption.org)

We work closely with these folks to help stray or abandoned pets. They are funded solely by donation and operate with volunteers to temporarily foster pets until they can find a permanent home.

[Cardiology Northwest](http://www.heartvet.com) (link: www.heartvet.com)

We refer pets with heart problems to Dr. Gary Wood. He'll take good care of you.

[CareCredit](http://www.carecredit.com) (link: www.carecredit.com)

We use Carecredit for third party billing. They have different payment plans, some with interest-free time to repay bills of \$300 or more if you're faced with an unexpected, large bill.

[Cat Information](http://www.catinfo.org) (link: www.catinfo.org)

This website is an excellent resource for feeding your cat: know the basics of good nutrition.

[Chronic Renal Failure](http://www.felinecrf.com) (link: www.felinecrf.com)

This website is an excellent resource for clients looking for information about kidney failure in cats.

[Cornell University](http://www.vet.cornell.edu) (link: www.vet.cornell.edu)

This website has a link to the Feline Health Center, a veterinary medical specialty center devoted to improving the health and well-being of cats everywhere by educating cat owners about ways of preventing and curing diseases of cats.

[Dove Lewis Emergency Clinic](http://www.dovelewis.org) (link: www.dovelewis.org)

We refer most of our emergencies and critical care patients that need overnight observation to Dove Lewis. The main hospital is in NW Portland and they also have a clinic on the SE side by Mall 205.

[Feline Diabetes](http://www.felinediabetes.com) (link: www.felinediabetes.com)

This website has valuable information about feline diabetes.

[Feline Diabetes part 2](http://www.sugarpet.net) (link: www.sugarpet.net)

Besides the feline diabetes website, this website also has some great information on caring for your cat.

[Feline Diabetes part 3](http://www.sugarcats.net/sites/harry/bgtest.htm) (link: www.sugarcats.net/sites/harry/bgtest.htm)

This website outlines how to test your pets glucose level at home.

[Feline Diabetes part 4](http://www.petdiabetes.org) (link: www.petdiabetes.org)

Another excellent site for researching information about cats with diabetes.

[Healthy Pet](#)

(link: healthypet.com)

This website is provided by AAHA and is a wealth of good information about pet care.

[Mt. Hood Veterinary Specialists](#)

503.666.4711

We refer specialty surgery cases to these folks.

[Multnomah County Animal Control](#)

(link: www.co.multnomah.or.us/dbcs/pets)

These are the folks that help stray or abandoned animals, rabies licensing, and other legal issues surrounding pets.

[Northwest Veterinary Specialists](#)

(link: www.northwestveterinaryspeicalists.com)

Established in 1991, Northwest Veterinary Specialists is a referral only hospital designed to provide the highest level of specialty care for your pet. Areas of specialty: internal medicine, cardiology, oncology, ophthalmology, and surgery.

[Oregon Friends of Shelter Animals](#)

(link: www.ofosa.org)

These folks help find homes for stray or abandoned pets.

[Oregon Humane Society](#)

(link: www.oregonhumane.org)

The Oregon Humane Society is one of the best places to go to find your next pet. They have lots of choices and they'll work closely with you and your family to find a best fit. Once you've made your selection, schedule a complimentary exam with one of our doctors to get your new friend off to a great start.

[Oregon Veterinary Medical Association](#)

(link: www.ovma.org)

This is our state association that helps organize veterinary medical efforts and provides education opportunities for veterinarians and staff.

[Pacific Pet Skin & Allergy Clinic](#)

503.666.4711

[Portland Community College Vet Technician Program](#) (link: <http://spot.pcc.edu/academ/vettech>)

Interested in a career as a Certified Veterinary Technician? Check out their program. Several of our CVTs have graduated from PCC.

[Portland Veterinary Medical Association](#)

(link: www.pvma.org)

The PVMA is our local veterinary association. They hold monthly veterinary meetings and education seminars.

[Southeast Portland Animal Emergency Hospital](#) (link: www.vcasoutheast.com)

These folks provide emergency veterinary care in the southeast Portland neighborhood.

[Second Chance Companions](#)

(link: www.info@sccpets.com)

They are a great place to visit to adopt a special pet. Second Chance Companions is a no-kill shelter run entirely on donations and volunteers.

[Surgical Specialty Clinic](#)

503.644.2600

We refer surgical cases to this specialty clinic.

[Tom Van Gundy, DVM](#)

503.384.1774

Dr. Van Gundy comes to our hospital and performs surgical specialty procedures for our clients who prefer to have our doctors and staff directly care for their pet and/or find it most convenient to stay in the north Portland neighborhood.

[Veterinary Diagnostic Imaging](#)

(link: www.vdic.com)

VDIC is a group of specialists that provide our clients with MRI, ultrasound, cytology and telemedicine consultations.

[Veterinary Pet Insurance](#)

(link: www.petinsurance.com)

VPI is a good insurance company that has been around for over 20 years. They have insurance plans for puppies, kittens, adults, and senior pets.

[Veterinary Referral Center of Portland](#)

(link: www.veterinaryreferralcenterofportland.com)

Dr. Timothy Munjar and Tamara Walker are excellent surgeons. Their medical facility is located on the east side, just minutes from Beaverton.

[Veterinary Partner](#)

(link: www.veterinarypartner.com)

This website was created by veterinarians for clients to look up the most current, reliable information about various diseases and treatment options for pets.
